4SB042SN	32 5/8"	24 1/2"	Satin Nickel
4SB042WH	32 5/8"	24 1/2"	White

* Add this length (A) to Body length (C) from Body Spec Sheet(s) to get Total Luminaire Nominal OAL.

Specifications

- Suspension Size:** For optimum performance, testing recommends luminaire total OAL (overall length) in proportion to the Body diameter. For close-to-ceiling mounting, it is suggested to use shorter single stems as noted on Spec Sheet SB115. Total luminaire OAL is defined from the bottom of the diffuser to ceiling plane.
- Stem Wires:** Equipped with 120" of leads with keyed connectors for quick connection to Body wiring.
- Suspension:** Swivel (central) stem, 5/8" steel tube. Die-Cast Ball hanger attached.
- Multiple Stems:** 3/8" Steel outer pipe stems go into a collector plate. Outer stems surround central 5/8" stem.
- Mounting Strap (Cross Bar):** Die-formed galvanized steel.
- Canopy:** Steel, 7" diameter, fastened internally, no exposed hardware. Ball hanger on stem that fits into cross bar allows installation on ceilings with slope up to 45 degrees. Complies with California Earthquake Code.
- Cutting Jig:** All suspensions are equipped with a Patent Pending cutting jig that simplifies cutting of center stem pipe in the field.

Options & Accessories

If a longer overall length is desired, use a Suspension paired with a larger Body.

If an overall length of greater than 42" is desired, use an Extension Stem. Order as a third additional component to make complete fixture. Please see Specification Sheet No. 4SXT.

Mounting

Mounts directly to 4" outlet box, using crossbar hanger, supplied.

Note: Additional Luminaire support plate provided with 35/42"Dia. Body to allow Luminaire to be supported independent of outlet box.

Labels

cULus Listed, suitable for Damp Locations.
